WEDDING PLANNER

IDR 13.000.000,- / Net

PREPARATION

Our wedding planning team will create a budget based on the client's purchasing limit and vendor preferences.

Determine, hire, and assist in the management of all payments for wedding professionals who provide services like the wedding venue, lodging, transportation, catering, decoration, photography, cinematography, makeup artists, hair stylists, priest, and all necessary sound and lighting equipment.

In advance of and on the day of the wedding, organize logistics and event scheduling with every vendor and the venue management. Create a timeline and make appointment slots. Plan for any pre-wedding appointments, such as venue inspections, vendor consultations, food tastings, and hair- and makeup-trial appointments.

In collaboration with the wedding couple and the chosen vendors, create the schedule and plan for the wedding event well in advance of the wedding day.

Our team will handle, plan, and organize your wedding day up until it happens and will offer you unlimited immediate support via email, messenger, phone conversations, and video calls.

Our wedding planning team will coordinate all of the activities with the venue executive management and various wedding service providers to ensure a successful wedding in terms of logistics and event scheduling.

Perform the practice for the weddings.

Before the wedding, conduct a final TM with all of the wedding service suppliers. assist with rehearsals for the wedding ceremony at the venue (based on the availability)

On the Day

An event manager and team to oversee the planning and execution of the entire event (including the pre-wedding event, ceremony, and reception on the wedding day) in collaboration with the location and vendors.

Organize everything and make sure that it is done so in a timely and competent way. Our event manager and staff will provide complete coordination on the day of your wedding to ensure that everything runs smoothly.

Prepare any relevant problems for all the wedding-related vendors. Plan the transportation of guests from their hotels to the wedding location. (vehicle is not included).

Plan (if required) any wedding-day activities that may need to be adjusted or moved to a different location due to bad weather. (availability and additional backup venue based on regulation of the wedding venue).

"Because in your dreams,
every detail matters."
