Hello!

My name is Felisia Karina, most of my friends know me as Nina. I have been in event and wedding planner since 2006 in Bali, and I continue my journey at Violet L'Evento Surabaya since 2009, goes to Solo and other cities together with them, and yes, now I'm back to Bali with my families.

In Bali, I continue working as an Event Planner and work with other team too when they needed.

I cannot work alone, there is a team that goes on every event with me. When the time comes, they will meet you at your wedding day and help all the process more enjoyable.

This is once in a life time journey for you, please, enjoy it!
