

Presenting

SayYes

Event Website & RSVP Platform

Introducing **SayYes**

**Event Website &
RSVP Platform**

Managing RSVPs seems simple—until it's not.

Manually tracking hundreds of guests is time-consuming. Missed responses lead to incorrect guest counts and stress. Typos, last-minute changes, and dietary notes get lost in group chats or spreadsheets.

We handle the guest list chaos, so you don't have to.

SAY YES - A DIGITAL INVITATION & RSVP SERVICE come to assist the wedding couples, ensuring a seamless end-to-end digital invitation service, from creating the invitation digitally to sending it and following up the confirmation.

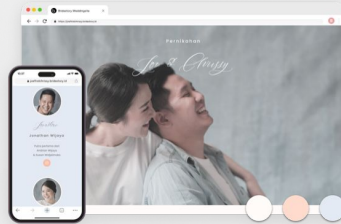

The Services

Digital Invitation

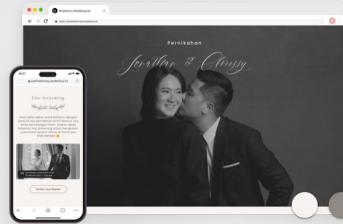

With SayYes RSVP, you can create a beautiful, modern wedding website that matches your theme. Whether you choose a ready-made template or a fully custom design by our professional team, your guests will receive a stylish digital invitation that's easy to share.

- Choose from **ready-made templates** or work with our professional designers for **semi-custom, full custom, or custom + illustration designs**.
- **Easy to personalize** with your photos, wording, and wedding details.
- Share instantly via **WhatsApp Broadcast** feature for a seamless guest experience.

The Services

RSVP Service

Keeping track of guests can quickly become overwhelming—missed responses, scattered spreadsheets, endless follow-ups. Simplify guest management with our professional RSVP admin:

- **Digital invitation distribution** – we help send your invitation to guests.
- **RSVP reminders** – follow up with guests who haven't RSVP'd yet.
- **Real-time dashboard** – track confirmations instantly.
- **Seating assistance** – our RSVP admin will help you assign guest tables.
- **Comprehensive RSVP report** – receive a complete summary after the RSVP period closes.

We help you manage
your **guest list**

RSVP reminders

The Services

QR Check-in Service

On the big day, the last thing you need is long lines or confusion at the entrance. Our QR Check-In Service ensures every guest enters smoothly with a simple scan. From instant seating assignments to VIP notifications, our professional team manages registration so you can focus on celebrating.

- **Unique QR codes** for every guest, doubling as entry and souvenir vouchers.
- **Quick, contactless check-in** at the venue with real-time attendance tracking.
- **Tailored experience for VIP guests** with special arrangements.
- **Professional on-site team** to manage registration, so you can enjoy your big day stress-free.

Generate **Guest Check-In Stickers** for your event.

Manage your event entry using **QR Check-In**.

The First - Click

One seamless, stylish solution from first click to confirmed guest, we start with finalizing your **Digital Invitation**. A customize **Digital Invitation** will create a personalized approach to your guest that match your wedding theme.

The Second - Database

While the team is customizing your digital invitation, it is time to gather the guests database. Submit your data in excel with clear titles and WhatsApp number to ensure a smooth process when we spread the invitation.

The Third - Sending The Love

Once the **Digital Invitation** and the **Database** is ready, we will assist you in spreading the invitation. With Automated Reminders – we will follow up with the guests while you will have a Live RSVP Dashboard with real-time updates, organized beautifully.

The Final – The Celebration Day Check In

Worry less, on the day, we will track the attendance of your guests and provide the report later on.

The step-by-step wedding guests check-in would be:

1. Scan the unique QR code for Check-In on the day of the event at the registration area.
If it is a standing-party, your guests can enter the event venue with the assigned quota given by the couple
If it is a seated-party, your guests will also receive their assigned table number and being ushered to the respective table.
If the guests are VIPs, we will notify the event organizer for any other specific arrangements, if any.
The QR will also act as the souvenir voucher.
2. Angbao or gift related
We will mark the angbao or gift given based on the guests RSVP-ed

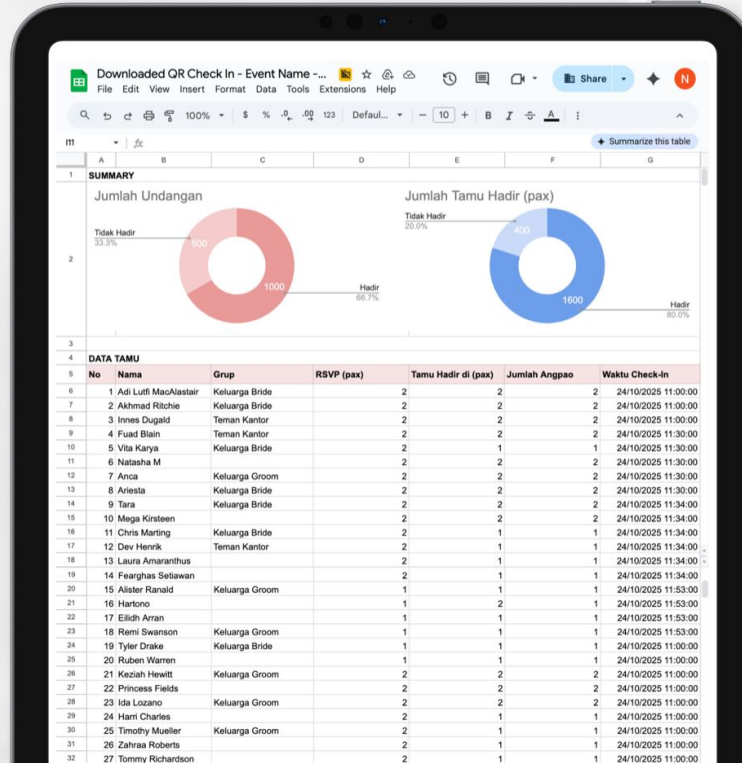

* We recommend a minimum 1 registration table & 1 usher per 100 guests.

** Our Crew to receive the attendance at the registration table will wear a professional black suit with white shirt.

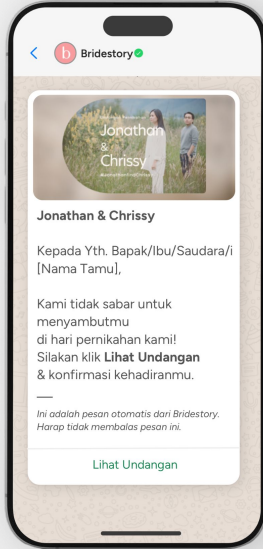

The After

After the event, we will provide the attendance report of your guests list.

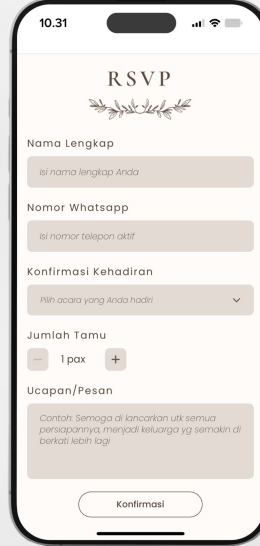

User Journey

Whatsapp Blast

1. Hosts send out personalized digital invitations through a WhatsApp blast, reaching guests instantly and seamlessly.

RSVP Form

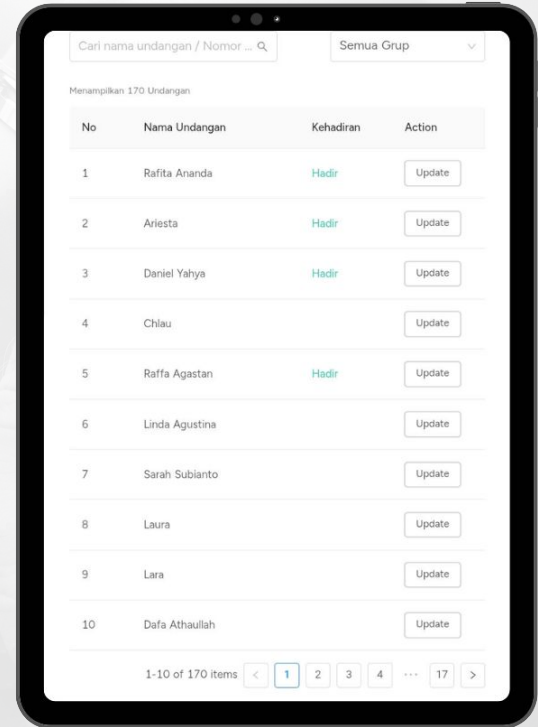

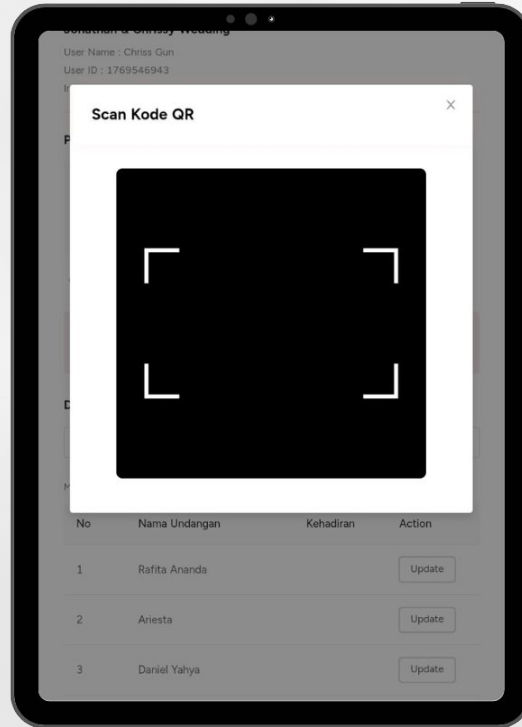

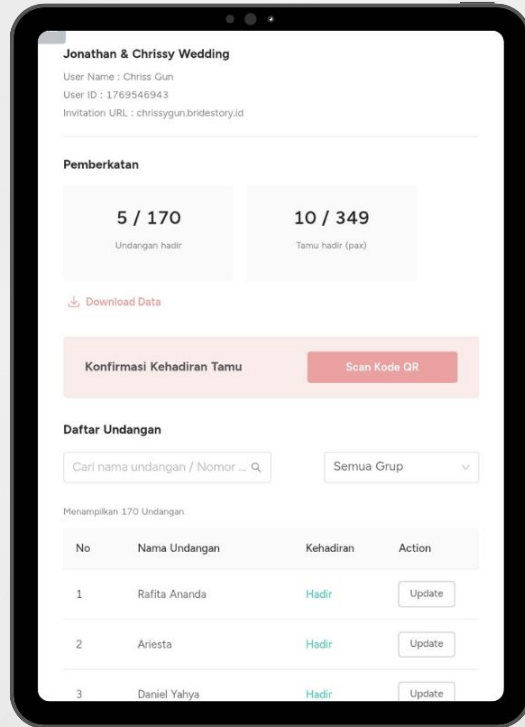

2. Each guest opens the invitation link and fills out a simple, interactive RSVP form to confirm their attendance and details.

QR Code

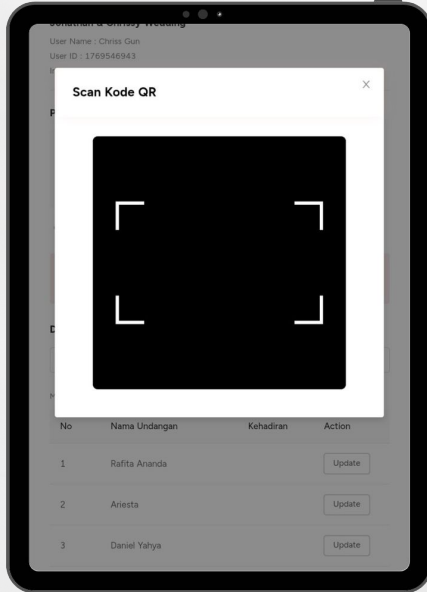

3. After confirming attendance, guests will receive their unique QR code via WhatsApp one day prior to the event, serving as their digital entry pass for a smooth check-in experience.

Highlight Features

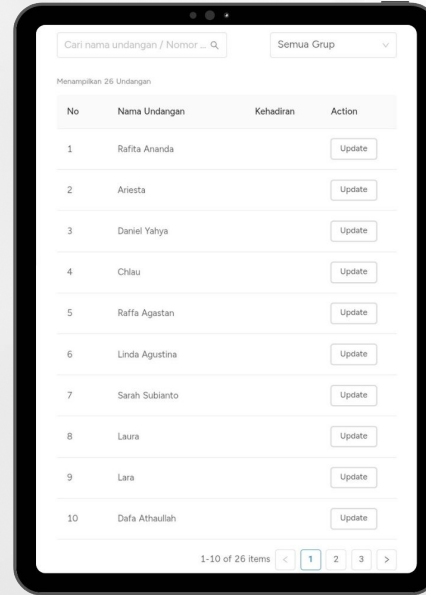

Highlight Features

Check-in with QR Code

Guests who have received a QR code can present it upon arrival to be scanned by the registration crew at the check-in area.

Check-in by Name

Guests without their QR code can check in manually by name, assisted by the on-site registration crew.

Print Label Feature

Each printed label includes essential guest information to support an efficient check-in experience.

- For standing parties, the label will indicate the entry quota assigned by the couple.
- For seated parties, the label will display the guest's table number.
- For VIP guests, the label will include a VIP indicator or specific guest type information.
- The printed label can also serve as a souvenir redemption voucher during the event.
