INCLEMENT WEATHER PLAN

Weather in Bali is generally dry from April to October and wet from November to March. However, it does rain occasionally in the dry season and there can be many dry days in the wet season too. The wet season back-up plan is compulsory. Larger events will require a marquee. This will incur an additional charge and at least one month's advance confirmation is essential.

FLOWERS

Personalised decoration is available upon request. Wedding couples who engage an outside vendor for the wedding celebrations must note that non-genuine flowers are strictly not permitted for decoration purposes. All flowers used for the occasion must be fresh flowers. The design of decoration must be sent to the Alila event coordinator for approval to ensure that the decoration is in line with the Alila Villas brand.

RAIN STOPPER SERVICES

To ensure festivals and special events are not dampened by rain, the Balinese often perform a ritual to divert rain to other locations or to simply hold it back for several hours. This low-key ritual is performed by officiating small offerings and burning incense as well as a plate of fire (pengasepan), whose rising smoke is believed to push the clouds away. A religious ceremony performed by a Balinese Hindu priest to pray that rain is held or diverted during the event is available at IDR 6.500.000 nett per day (12 hours). Alila Villas Uluwatu cannot be held responsible for adverse weather conditions or failure of the services provided by a Balinese rain stopper should you wish to use one.
